## **Creating Access to Safe, Reliable and Appropriate Transportation for Community Inclusion**

Elmwood Residences was established in 1969 as a community-based residential support service for adults living with intellectual disabilities. The intention was, and continues to be, that we provide support that reflects a family home environment that cares for our residents throughout their life and nurtures growth, well-being, choice and inclusion.

Elmwood delivers high-quality care and services to residents with complex medical, intellectual and physical needs through our eleven Community Homes, Kinsmen Manor and Supportive Independent Living Program. We envision a society where individuals living with intellectual disabilities are meaningfully included in their communities and one of the challenges to reaching this vision is the struggle to access the community. Challenges with transportation are very real for this population and from an agency perspective is essential to achieving and delivering our Resident First Culture and Person-Centred Services.

Elmwood is not provided with capital funding for vehicles but we recognize that access to safe, reliable, and appropriate transportation is key to the services and support we provide and as such have made the choice to own and operate a fleet of twelve vehicles to meet the needs of our residents. The Fall Feast will raise funds for a new to us wheelchair accessible van. This new van will allow residents the ability to access medical appointments, Day Programs, employment, recreational opportunities and community events.

# Elmwood's Fall Feast

Elmwood Residences, along with its Board of Directors, are currently looking for sponsors and partners within the Saskatchewan Business Community for the Elmwood's Fall Feast presented by the Kinsmen Club of Saskatoon.

Through partnership with our fundraising gala your company will be demonstrating its support of an inclusive community. One where people living with intellectual disabilities are respected and empowered to make their own choices and lead full and meaningful lives within the city of Saskatoon.

We are excited to build upon the success of 2019 where we hosted an audience of 150 guests from a wide range of business industries netting more than \$42,000 which purchased a wheelchair accessible cargo van for the individuals Elmwood serves.

This event will be happening regardless of pandemic restrictions. Our team is currently planning for three different scenarios including: a fully in person event, virtual event or a combination of the two. All sponsors, no matter the event method will be recognized for their support wherever appropriate including on site or within the virtual platform and in pre-event promotion.
